*This is the tiny \$90,131 one-bed apartment where Michael Cheney used to live BEFORE he discovered the SECRET to Affiliate Marketing*

*This is Michael Cheney's \$820,398 dream house where he lives now*

*From the desk of Michael Cheney*

**Y**ou know what it's like - you see a product that looks good and you buy it thinking it's the answer to all your problems.

**But it doesn't work.**

You first come onto the Internet and all you're bombarded with is promotions and offers all telling you the same thing - making money from affiliate marketing is easy!

## **"If Making Money From Affiliate Marketing Is So Easy Why Isn't Everyone Cashing In On It Like I Am?"**

You see - I've been online since 1995. I have literally **spent thousands and thousands of hours learning affiliate marketing** and spending small fortunes on affiliate marketing products.

It's been a **long, lonely and painful journey** but I've made it here to tell you the story!

You start off and everything looks rosy for you doesn't it?

You hear about stories of riches over night and before you know it you have invested in some so-called solution that does nothing but empty your wallet and **smash your dreams** into even tinier pieces.

**And this is the biggest pain of all.**

The fact that **you start blaming yourself**. Like there's something YOU could have done differently or something that YOU haven't quite done right or correctly understood.

But that's the point - **it's NOT YOUR FAULT. It's not your fault at all..**

**"You Have Been Lied To - Affiliate Marketing Is NOT Easy  
UNLESS You Have a PROVEN, TIME-TESTED  
System You Can Follow.."**

If you're anything like I was when I started out then you've tried different approaches, joined different programs and maybe made a little money (or not!) and **you're starting to feel FRUSTRATED, CONFUSED, LOST and ANGRY** at the whole situation.

**You are not alone.** There are thousands of people out there who just desperately want to make some money from affiliate marketing but have found it impossible to do up until now..

..so why has it been so difficult for you to make money as an affiliate?

## **You have not been told the full story.**

This is an all-time classic and I hear about it all the time. You buy a course or program and it leaves out some key element. **Don't you just HATE that?!**

You start getting into the course and you think "this is pretty good" and then all of sudden something comes up where you are ASSUMED to have already made a giant leap that you don't know how to do.

### **You feel ripped off and alone.**

This is a feeling you know just as well as I do. In the 13 plus years that I've been online learning all this stuff I have been ripped off, let down and burned more times than I care to remember but you know what?

After all this **pain and loss** I have made it this far and I now know why this is. To share my message and my knowledge with you.

You see - I want to **finally LEVEL THE PLAYING field and make it possible for you to make the money online that you truly deserve.**

You **DO deserve to make the money you want** online. I know I felt that way when I first started out and now I make 5-figures and 6-figures PER MONTH and you can do this too.

You know by now that I've been around the affiliate marketing block a few times and **it's taken me years of painfully slow progress and costly trial and error** to get to a position where I am now making literally millions of dollars online.

### **You want to know the good news?**

You can COPY my entire blueprint for affiliate marketing success. You can just swipe the whole system for yourself and roll it out for your own affiliate marketing.

**PLEASE:** if you get anything from this page please let it be this - learn from my lesson, it has taken me over THIRTEEN YEARS to discover the secret to affiliate marketing and you can get it directly from me on this page. OR you can try and work it all out for yourself and take the long, painful, expensive, lonely route..

You're about to see some pictures of me **enjoying life, living the Internet lifestyle and generally having a blast..**

..what you need to realize is that I am not showing you these pictures to boast. This is just to show you **what YOU can achieve.**

If I can do this - and I started out with LESS than nothing in a crappy one-bed apartment doing drink and drugs with my life going nowhere, fast - then **you can copy my exact system and do even better!**

# You Can See What Other People Are Saying..

"Hi Michael,

Your **"Affiliate Millions"** product is an exceptional series of movies explaining **\*exactly\*** how the affiliate industry works, and how a newbie affiliate can grab their share of the explosion in commissions earned from online sales.

Even people who know the "ins and outs" of affiliate marketing will **find your insights valuable**. I know I did, and I've been selling online since 1997! :-)

It's most definitely a **top-class course that everyone interested in making money as an affiliate will truly benefit from.**"

Neil Shearing, UK. [NeilShearing.com](http://NeilShearing.com)

"Being an affiliate marketing product owner myself, it's rare for me to give the thumbs up to another product which is pretty much competing with my own. But **Affiliate Millions truly is a fantastic startup guide** for beginners who're fedup of confusing lingo and complicated instructions. **Michael's step-by-step videos really are the best you'll find anywhere on the topic** and I'll be looking forward to getting started with some of the steps Michael's covered which I perhaps hadn't thought about before... Thanks again Mike!"

David Wilkinson, Manchester, UK. [AffiliateDefined.com](http://AffiliateDefined.com)

"Michael, you have outdone yourself again my friend. What I love most about all of your products is that you always give more than I expect to get. Affiliate Millions provides step-by-step instruction that is **straight forward and so easy to follow**. **The way you deliver the content in video, pdf and mp3 is perfect** for me as well. I personally start off by watching the video and instead of taking notes, I just concentrate on the video content. Then I print out the PDF and highlight all of the important parts. I'm also going to put your mp3's to good use by listening to them and learn while I do my boring workouts every morning! Thanks!"

"I've had the chance of getting to know Michael on an 8-day long cruise in the Caribbean a couple weeks ago, and since then we've become friends and talk several times a week. And I must say, **Michael is one of the most generous people I have ever met, he's always ready to spend time sharing great money-making advice** and brainstorm. With all the 'B.S.' going in on internet marketing, with all the 'wannabes' and scammers out there, **Michael stands out as a genuine helper and an extremely smart marketer.**"

Matt Mazur, Switzerland

"Michael Cheney is a genius...he is making my life much easier and gave me hope after I lost my job, now me and my family can have hope, I must say that I am very very happy. Michael Cheney **makes everything easier for everybody....**Thank you Mr. Cheney...Thank you very very much."

Paulo Roberto, Brasil

"Michael, I'd just like to thank you for all your assistance and guidance that you have provided me as a mentor. I am absolutely certain that I **would not have been able to achieve many of the things that I have done in the last few months without your help and guidance. Your insight, suggestions, and guidance, have been priceless, and put a lot of money in the bank for me.**"

David Watson, Cyprus

"In a world of "gurus," Michael Cheney stands among few, for a true guru not only **possesses comprehensive knowledge, but also an ability and willingness to share it with those who desire to learn.**

A highly effective teacher, Michael is one of only a few mentors I've worked with who truly

has a genuine concern for my success. Whether it is to help me hone an idea or gain an otherwise overlooked perspective, or to willingly share with me his limitless font of success-generating techniques and insight, he has always been available.

As a professor and graduate advisor myself, I recognize that the best teachers are those whose guidance and **personal integrity** extend far past the actual "tuition." When you add to that **magnetic personal warmth**, it is immediately understandable why he is a terrific friend and colleague to so many of us and a valuable resource to the profession as a whole. Our profession grows because of people like Michael Cheney."

Todd Fiegel, Utah, USA

"This time last year I was in a mess - my mum had died suddenly, depression hit me bad, my business got neglected and I had to declare bankruptcy.

Being single with two young children I knew I had to do 'something' to earn money to try save our house, but something that was flexible and ran by itself if I couldn't attend to it. Michael **made total sense**, introduced basic concepts to me and you could 'hear' that he was **genuine**. He was also a Brit, which helped with the 'trust' factor for me.

I didn't buy anything, I just stayed on his list and kept reaping the brilliant free advice in the videos and articles.. the ONLY other person/"Guru" you will see me mention is Michael Cheney - he was **the only one I REALLY trusted. If it wasn't for Michael's advice I would not be doing what I am doing today. And yes, I saved our house :-)** Thank you Michael!"

Adelee Sweeney, London, UK.

"Hi Michael, Just in case all the thank you's that I sent to you via email weren't enough I just want to say thank you again. Before I started with your coaching I had earned about \$1000 in the last 9 months.

But **with your help and guidance I made over \$10,000 in sales in just two weeks.** I can honestly say that **the money I spent on your coaching was the best money I have EVER spent. It's like trading a penny for a \$100 bill a total no brainer.** Thank you, thank you, thank you."
